

Lima, October 4th., 2017

Mr. Todd Burns
President
Cypher Environmental Ltd.
1149 SP Matthews Ave. Zip Code R3G 0J8 - Winnipeg
Canada

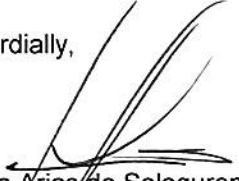

Dear Mr. Burns,

Having concluded in recent days PERUMIN 33 Mining Convention, we would not want to miss the opportunity to convey on behalf of the Institute of Mining Engineers of Peru - IIMP, the Organizing Committee and the Committee of the International Meeting, our deepest gratitude for having honored us with your presence and important participation in this mega mining event that took place between the 18th. and 22nd. of this last September, in the campus of Universidad Nacional de San Agustín - UNSA, in the city of Arequipa - Peru.

It has been a privilege to count on your performance as Panelist during the session Canada, and we are proud of each of the very positive comments we are receiving, due - largely - to the valuable participation of outstanding Speakers who, like you, accompanied us and made possible the achievement of the set goals of encouraging the exchange of ideas and debate on issues of relevance and interest for the mining activity, resulting in the success of the event.

On behalf of the Institute of Mining Engineers of Peru - IIMP, the Organizing Committee and the Committee of the International Meeting, we renew our appreciation for your valuable contribution and for allowing us to share this experience with you.

Cordially,

Eva Arias de Sologuren
Organizing Committee Chair
PERUMIN 33 Mining Convention

Isabel Arias
Committee Chair
International Meeting
